Dear Daniel,

Hi! My, the girl's sure write sweet things to you! (of course, they're all true!) What you wrote in my annual is so nice that every time I start feeling sorry for myself because everybody hates me or something, I'll remember you and what you wrote and then I'll be happy again.

I've had a real wonderful time with you these past two months. I only wish you would have come over sooner. You're so different from the other boys I know, because you're so much more grown up. I like to be with you because I don't feel like I have to act real stupid around you. The nicest thing about you is that you are so nice to everyone else, and you always make people feel that they are really somebody. That's why I like you, but I like you for other reasons too.

Gee, how am I ever going to fill up this page? Guess I'll have to draw a picture.... I just thought of another reason why I like you - - - you have a good sense of humor; always happy, never grouchy - not even the morning after the night before!

I'M WATCHING YOU!!

This sure turned out silly. I didn't say what I meant to say very much. But you know how much I like you without me writing it down, and that's what counts. Maybe I should start another page; I might do better. Why is it that I can always think of a million things to say →

after I've used up my page? Have fun during Senior week, that will be
 your testing period - if you survive Sr. week, you can survive anything!!
 (Oh, I must remember to give you that card!). I won't say he good - just
 have fun, see you soon, I hope.
 Love, *MB*

The 1960 Vashonian

BRUCE B. BLEVINS, JR.

These past three years, both of you, Mr. Blevins and Mr. Owen, have added much to the 1960 Senior Class' history at VHS. This is why we wish to dedicate our annual "Keys to Learning" to you.

This year Vashon saw its first football championship in many years. Much of this success was possible because of the tremendous encouragement you've given our team, Mr. Blevins.

Your patience and willingness to work, Mr. Owen, have been much needed virtues for working with members of our class. This you have demonstrated to us many times.

Both of you hold some of the many keys that will unlock stores of opportunities. We wish the best of happiness and success to you always.

Keys to Learning

These past four years, many doors have opened to us. Our teachers have given to us the keys that will unlock numerous future opportunities.

On behalf of the Annual Staff, I would like to thank all of the people who have helped the class of 1960 by managing the keys so well. A special thanks is extended to Miss Gammell for all her help in enabling us to display in our annual the treasures we have discovered behind those many doors.

Dear, sweet,
kind, dirty-faced
Darrel; what a slob you
are! Won't even let me
wash your dirty face! But
face yet! It's been nice having you
a blowhard like you in sociology class.
You talk long and loud, but I still can't
figure out what you're trying to say. Maybe
you don't say anything! Well, that's enough in into
for now! Good-bye and all that there stuff.
Me Linda)

We have sure had our problems this year! Our biggest one was probably wondering if we were going to be through decorating the Gym for our Prom before all the people started coming in. When we ran out of crepe paper and sent some boys to buy more, we really worried when it took so long for them to return. There really was no cause for alarm — after all, the boys did have to get their Christmas shopping done.

The weather was sure against us this year. We tried so hard to earn some money to help furnish the Student Lounge. We scheduled and rescheduled various car washes and our plans were always foiled by an appearance of rain. Next year, the only solution will be to get our signals straight with the weatherman.

Freshman Class

Do students always have to suffer through their first year like we have done this year? The time the team bus broke down on the way to the Yelm game was sure one to remember. All the team members had to get on the rooter bus and did that ever make it crowded! Naturally we were the flattened ones on the bottom of the pile. Oh, well! Next year will be different — we hope! We won't be quite on the bottom.

FROM OUR FILES.....

FOUR YEARS AGO.....

Squeezing out the Junior Class the Freshmen took 2nd place on the first semester Honor Roll.

This position was made possible because of the scholarship of the following students: Bill Norin, Joe Pollock, Ann Albright, Marilyn Brougham, Sally Coplin, Barbara Durham, Judy Green, Norma Hessleman, Linda Laughlin, Diane Mace, Katherine Saltarelli, Karen Stockhamp, Linda Whiteside, and Anita Whaley.

The freshman are wide awake or at least Craig Schorzman was when he discovered the fire in the biology room last Friday. The fire was caused by two upper classmen and their experiment. The damages were minor.

It seems as though we have a freshman G. A. A., for a large majority of the participants are from the Freshman class. They have a lot of pep and enthusiasm so don't be surprised if Karen, Norma, Judy, Wendy, and many others walk off with their letters this year.

THREE YEARS AGO.....

Early as it seems the Sophomore Class is making plans for their class picnic.

nic.

The class was awarded an extra hour for their outstanding salesmanship in the Curtis Drive. A special thanks to Mike Kimmel who sold the most magazines to make the award possible.

The Sophomore's movie, "Rebel Without A Cause" was one of the best movies we have seen this year. If the students behave as well as they did last Friday we may continue to have occasional movies sponsored by the classes.

TWO YEARS AGO.....

With the Science Fair gone we see a large majority of exhibits were from the Junior Class. Some interesting exhibits were: Paint pigment made by John Miceli and Paul Fosmark which won first prize in Chemistry. Sharon Rice, Wendy Kirkland and Ann Albright's production of glass won second prize. Linda Laughlin and Karen Stockhamp won a prize for gas expansion in Physics.

All last week the mighty seniors were buried deep in their text books. The final tests were given Tuesday, Wednesday, and Thursday.

Very rarely was there a senior seen at his or her usual loafing because for some, these tests would tell the tale.

Tonight is the night for our Seniors. They have been out of school a week loafing and preparing for graduation.

At 8 o'clock they will be on their best behavior for the spotlight will be on them.

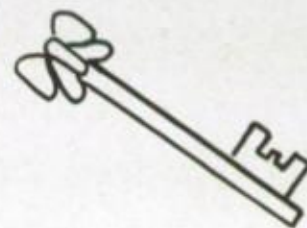

The Junior Class has been working hard all day decorating for the graduation.

We are sure that all will be appreciated by the seniors and they will long remember tonight.

Darrel.
Your coming to
my class has meant
much to me and to
all of us - Carry on!
G. Wood.

Darrel,

It's been really cool having
a swinger from Bellvue over here,
and in spite of yourself, your not a
bad guy. E P hulus Unum! So
if you go to college, you'll need luck,
and you have mine (A priceless gift!)
Write if you get work and if you
can't hack it, sack it.

Magnijuntly Yours,

Bill
"60"

Dear Darrell,
You have been quite an
"addition" to our social. It's
to bad you have to graduate,
(if you do). But of luck in
the future to a swell guy.

Love,
Janice (a sweetheart)

Darrell
it's been
in mind having you
in World D. Day.
Have lots of fun
in the future.
Best of luck
Darius

My love to you
and your family
and be sure to
write me soon
Love
Mama

Dearest Darling
Darrell
It's been so nice
knowing you. God is etc
I'll see you at the mighty
Feet of Ball and the mighty
Character. I hope to a real great
Love
Barb Graham

Handwritten notes in blue ink, written diagonally across the bottom left corner of the photograph. The text is partially obscured by the branches and snow. It appears to be a list or a set of instructions, possibly related to the snow or the building. The words are difficult to decipher due to the cursive and the angle, but some legible words include "Snow", "Branches", "Building", "Windows", "Bushes", "Trees", "Ground", "Snow", "Branches", "Building", "Windows", "Bushes", "Trees", "Ground".
